Vaniyambadi, Tamil Nadu, India

SUMMARY

2nd-year BCA student at VIT Vellore (CGPA 9.09) with hands-on experience in building real-world applications and working with modern technologies. Strong problem-solving ability and a quick learner. Currently seeking internship to gain practical industry exposure and contribute effectively to a team.

EDUCATION

Vellore Institute of Technology (VIT) <i>Bachelor of Computer Applications (AI & ML)</i> – CGPA: 9.09	Vellore, Tamil Nadu <i>Jul 2024 – Jul 2027</i>
Islamiah Boys Higher Secondary School (IBHSS) <i>Matriculation & Higher Secondary (Mathematics & Computer Science)</i> – 12th Grade: 85.5% – 10th Grade: 79.4%	Vaniyambadi, Tamil Nadu <i>Jun 2022 – Mar 2024</i>

TECHNICAL SKILLS

Programming: Python, Java, C++
Web Technologies: HTML5, CSS3, JavaScript, Flask
Databases: MySQL (SQL), MongoDB
Tools: VS Code, Git, GitHub, Linux, Postman

PROJECTS

AI-Based Smart Emergency Evacuation System (IoT + AI Project) — GitHub <i>Python (Flask) — ESP32 — MySQL — JavaScript</i> – Designed an intelligent evacuation system using Ant Colony Optimization (ACO) to compute safest escape routes in real-time – Integrated ESP32-based IoT module to deliver real-time audio-visual alerts via WiFi – Engineered a full-stack web application with interactive building map and dynamic evacuation path visualization – Developed RESTful APIs in Flask for seamless communication between frontend, backend, and IoT device – Automated emergency alerts using Twilio SMS with route details and map links – Architected a scalable system combining AI pathfinding, IoT integration, and cloud services – Improved evacuation decision-making by dynamically adapting routes based on real-time hazard inputs, enhancing response efficiency	4th Semester
Online Voting System (Java Course Project) — GitHub <i>Java — MySQL</i> – Built a Java desktop application for secure online voting with Admin and Voter authentication – Implemented voter registration, vote casting logic, and prevention of multiple voting – Integrated MySQL using JDBC and implemented CRUD operations with validation and error handling	3rd Semester

ACHIEVEMENTS

- Maintained a CGPA of 9.09/10 at VIT Vellore
- Participated in hackathons, applying AI, IoT, and full-stack development skills

ADDITIONAL INFORMATION

Currently Learning: Advanced Web Development Concepts
Technical Strengths: Object-Oriented Programming, Problem Solving
Soft Skills: Communication, Team Collaboration, Adaptability, Continuous Learning
Extracurricular Activities: Video Editing (Short-form content creation)
Languages: English, Hindi, Tamil, Urdu
